Rising Stars in Machine Learning
Speaker Schedule

When: Mondays from 11 a.m.–noon
Where: Room 4105, Brendan Iribe Center for Computer Science and Engineering
Who: Selected guest speakers for the University of Maryland’s Center for Machine Learning Seminar Series

“Provably Efficient Algorithms for Learning Neural Networks”
Surbhi Goel
University of Texas at Austin
September 23rd

“Learning with Deep Probabilistic Generative Models”
Adji Bousso Dieng
Columbia University
September 30th

“PAC-Bayesian Approaches to Understanding Generalization in Deep Learning”
Karolina Gintare Dziugaite
Element AI
October 21st
